Intelligent Transportation Society of California Young Professionals Group (ITSCA YPG) Los Angeles Chapter

Purpose and Mission:

The mission of the Intelligent Transportation Society of California Young Professionals Group (ITSCA YPG) is to foster a community of future leaders in transportation technology by providing a forum for continued education, knowledge sharing, and professional development for young or new professionals in the intelligent transportation industry.

Governing Board Responsibilities

President - Leads meetings, provides vision and guidance for group, and communicates group activities with ITSCA Board.

Secretary & Treasurer - Takes notes at Board meetings, provides list of action items, and sends meeting flyers through Constant Contact mailing list. Manages accounting, event budgets, and revenues. Provides updates on chapter expenditures for ITSCA Treasurer and disburses reimbursements for YPG expenditures.

Event Committee - Each member of the committee is responsible for leading one event per year and provides support for other events throughout the year. Events may include:

- Tours and Demonstrations: local TMCs, local test sites, technology demonstrations
- Project Presentations: anyone can present the project they are working on
- Focused Topic Events: in a forum setting; e.g. CAV, navigating the government (funding, regulatory approvals, etc)
- Professional Development: events to teach young professionals how to network effectively, presentation skills, “toastmasters,” etc
- Social/Networking Events: happy hours, team-building outings, and other fun events

Social Media Chair & Newsletter Editor - Documents events and posts updates continuously on social media; takes and uploads photos of events on social media for promotion. Manages the content creation for the YPG LA monthly newsletter. Provides rotating Board assignments for the newsletter, creates/updates newsletter template, and fills in newsletter content each month.
