

Self-eSTEM!™

SELF-ESTEM FUNDRAISER

OCTOBER - DECEMBER 2020

ITS California is proud to host a donation event to benefit **Self-eSTEM** <https://selfestem.org/>. Founded by Adamaka Ajaelo in 2014, this wonderful organization based in Oakland has thus far supported more than 700 girls with empowerment, resources, and support to succeed in STEM-related careers. **ITSCA** is encouraging everyone to join us in donating to this valuable, local volunteer/donor supported non-profit that provides free services, camps, and programs to promote STEM to girls and young women in the Bay Area. We encourage you to donate via the following link - <https://www.mightycause.com/story/Kp3zwf>.

Donate and invest in the future of our industry!
